

BAY OF FIRES

PACK FREE WALK

Situated on the east coast of Tasmania, the Bay of Fires is a magical and remote landscape showcasing pure white beaches, vivid orange granite boulders and a ribbon of sapphire and emerald seas. The Bay of Fires is a truly stunning destination and a photographer's paradise.

One of the biggest drawcards of the 3 day Bay of Fires walk, is that it is Pack Free, our guests won't be asked to carry their clothes or overnight bags for the entire walk. This is a big advantage in you'll avoid carrying an additional 8kg or more on your back every day. Each day all you carry is your water, camera and lunch.

On this 3 day experience we walk along remote coastline, where it is unusual to see other travellers. We start at Mt William National Park discovering spectacular landscapes of remote castaway coves. We explore scenic Boulder Point, Cobbler Rocks and Eddystone Point, where an impressive granite lighthouse built in 1889, sits on a point that juts out into the sea. We enjoy time at a pretty cove nicknamed Pirates Cove where we can rock hop out to the edge to get stunning views over the orange rocks down the coast and see pretty Sienna's Mermaid Pool.
